

Monessen Vent Free Gas Logs

WARMTH. AMBIANCE. CONVENIENCE.

THE BENEFITS OF CHOOSING MONESSEN

All of our vent free gas log sets offer:

THE REAL DEAL

All of our log sets are inspired by nature and hand-painted for incredible realism and life-like detail. This gives every log set a truly unique and authentic look.

INSTALL ALMOST ANYWHERE

Our log sets allow for installation in any existing firebox without the need for venting — making them a terrific choice for just about any room in your home. (All available for natural gas or propane.)

LASTING QUALITY

We stand behind each and every log set we sell, and back them with a Lifetime Warranty.

TWO STYLES — REFRACTORY CEMENT OR CERAMIC FIBER

You'll see log sets offered in one of these two materials. Refractory Cement log sets allow for more fine detailing while Ceramic Fiber log sets reflect more heat.

MAXIMUM SAVINGS

With a remarkable 99% efficiency rating, Monessen vent free gas log sets maximize heating operation to provide optimum fuel savings.

Stony Creek Log Set (SC-R) with Enhancement Kit shown on cover

LUXURY SERIES

MOJO BURNER

Our designer log set offers up to 38,000 BTUs, instant dancing yellow flames, flickering embers and standard grate and irons for an incredibly realistic look. Its robust design makes the Mojo the perfect choice for taller fireplace openings or existing masonry fireplaces.

Mojo Vent Free Log Set (MJ27)

- EXCLUSIVE Natural Blaze Technology
- Massive random stack fiber log set
- Includes: volcanic rock, rock wool and embers
- Ceramic fiber reflects more heat
- Hi/Lo thermostatic remote control
- Grate and 13" forged andirons

DELUXE SERIES

NATURAL BLAZE BURNER

Our **Stony Creek** and **Berkley Oak** log sets feature exclusive technology from **Monessen**, as well as a more robust look, making them perfect for taller fireplaces.

EXCLUSIVE Natural Blaze Technology

This innovative burn system provides taller, more lively flames, creating a realistic, moving fire. Achieving beautiful yellow flames instantly, Natural Blaze technology produces an authentic fire, every time.

EXCLUSIVE Signature Command™ Option

With electronic ignition, this system lights the pilot only when you turn it on, eliminating the need for a standing pilot and saving energy! It's battery operated, so you can be assured of fireplace operation even if the power goes out. And with 3-step flame height adjustment and optional touch screen remote, you'll have the ultimate in fireplace control at your fingertips.

Berkley Oak Log Set (HBO-F) ►

- **EXCLUSIVE** Natural Blaze Technology
- Available with **EXCLUSIVE** Signature Command™ system or millivolt control
- Low profile design for a true glowing ember look
- Includes volcanic rock and rock wool embers
- Refractory cement for fine detailing or ceramic fiber to reflect more heat

Stony Creek (SC-R) with Enhancement Kit

- **EXCLUSIVE** Natural Blaze Technology
- Available with the **EXCLUSIVE** Signature Command™ system or millivolt control
- Taller log stack is perfect for bigger fireplaces
- Low profile design for glowing ember look
- Includes volcanic rock, rock wool embers and embered log switch
- Refractory cement for fine detailing
- Enhancement kit available with two additional logs

Stony Creek (SC-R)

TRADITIONAL SERIES

TRIPLE PLAY & DEB BURNERS

These log sets feature a low-profile burner for a piled ember look and a front burner to create the effect of glowing coals. They also provide radiant heat for more efficient warmth and cozy comfort.

Charred Timber Log Set (CTCL)

- Triple Play burner system with yellow flames, deep ember bed and glowing logs
- Includes volcanic rock, rock wool embers and ember bed log switch
- Ceramic fiber reflects more heat
- Available in millivolt control only

Aged Hickory Log Set (DEB)

- Ember Blaze burner system with low-profile design for piled ember look
- Includes volcanic rock
- Ceramic fiber reflects more heat
- Available in millivolt and manual control

SPECIALTY OPTION

NATURAL BLAZE BURNER

For see-thru fireplaces, this log set is specifically designed with a unique look on both sides for a truly authentic stack, no matter how you look at it.

See-Thru Log Set (NBST27)

- EXCLUSIVE Natural Blaze Technology
- Includes volcanic rock, rock wool embers and ember bed log switch
- Ceramic fiber reflects more heat
- Available in millivolt control only

CLASSIC SERIES
