

PREMIUM GAS LOG SETS

Vent-Free Collection

VENT-FREE COLLECTION

Families gathering together to share moments

capturing the beauty and the glow of the world we live in. During the chill of the season, these moments are captured around the comfort of a fireplace. For over 60 years, Real-Fyre Gas Logs have been there to share in the best of these experiences with you. With the choices available in our Vent-Free Collection, you still get the splendor and warmth of a wood fire without the need for venting your fireplace. The hand crafted and beautifully detailed logs are available in a variety of styles, most with active natural flames and glowing embers designed to magnify the beauty of your hearth. For a more contemporary look, the

new G21 Series burner presents the color and sparkle of the Fyre Glass or Fyre Gems. With 99% heating efficiency, these sets operate using less gas, saving you energy dollars. ANSI certified for natural or propane gas; the Vent-Free Collection is equipped with an Oxygen Depletion Sensor for safe operation. A variety of control options are available, from manual to thermostatic remote, making the use of your gas logs simple.

The Real-Fyre Vent-Free Collection is approved for use in a solid-fuel burning fireplace, certain universal approved vent-free fireplaces and specifically approved vent-free fireplaces.

The Choice Is Yours

NEW

G21 SERIES

CONTEMPORARY BURNER
a unique burner for vent-free or vented applications

This clean burning, easy to use burner is constructed in all stainless steel. With its sleek lines, wide variety of choices for accessorizing (many unique colors in both Fyre Gems and Fyre Glass), and a beautiful polished mirror finish, the G 21 is the perfect addition to any contemporary hearth.

The G21 is available in an 18", 24", and a 30" burner

G18 SERIES

The Evening Fyre, Evening Fyre Charred and the Evening Fyre Split log sets are featured on the advanced G18 vent- free burner system. The logs are sculpted and hand- painted with distinctive charring on the front log, mimicking a wood fire. The dramatic ember bed, with Bryte Coals, add to the warmth and beauty of the log set.

The G18 Series is available for Natural or Propane gas in 16/18" and 24/30" sets, with variable BTU's ratings from 25,000 to 38,000 for Natural Gas or Propane Gas. See-thru sets are also available in 16/18" and 24" sizes.

3 log sets to choose from:

EFVG18-**	Evening Fyre Gas Log Set
ECVG18-**	Evening Fyre Charred Gas Log Set
ESVG18-**	Evening Fyre Split Gas Log Set

** insert size (e.g. 24). For See-thru set, add (-2) following the burner number (eg. EFGV18-2-24-15). Add a "P" to the end of the model # if using Propane gas.

A number of control options are available including:

- manual control
- remote on/off (-12)
- remote with variable flame height control (-15)
- electronic remote with variable flame height control (-01V)

If desired, remote control number suffix should be added to the model number following the size indicator (e.g. EFGV18-24-01V).

G10 SERIES

Featuring the popular burnt through front log, the G10 Series is available in two attractive log styles; Charred Frontier Oak and Charred Aged Split Oak (both ceramic refractory log sets). Lively flames and a large ember bed with Bryte Coals highlight the handcrafted logs, adding efficient heat and unmatched beauty to your fireplace.

Charred Aged Split Oak CHAS-24

Charred Frontier Oak CHFR-24

The G10 Series is available for Natural or Propane gas in 16"/18", 24" and 30" sets, with variable BTU's ratings from 17,000 to 37,000. All stainless steel models are available for added durability and use in outdoor rooms.

G8 SERIES

Ideal for smaller fireplaces, the Valley Oak logs are featured on the G8 Vent-Free burner system. Simple in design and function, this reliable system includes a 9,500 BTU's model designed for bedrooms (where permitted by code) or the standard 22,000 BTU model. A décor kit is also available to add to the attractiveness of your fireplace setting.

Valley Oak V08E-16

The G8 Series is available for Natural or Propane gas in 16", 20" and 24" sets, with BTU's ratings of 9,500 or 22,000.
